

COMMODORE'S WELCOME

My wife and I are delighted by your interest in the Virginia Yacht Club and welcome you to the club's website. Our club was founded in 1948 for the purpose of promoting loyal friendships among like-minded boaters who share a desire to explore the Chesapeake Bay and its tributaries. Our members keep their vessels at various locations from the Potomac to the mouth of the Bay. We use Regatta Point Marina in Deltaville, VA as our home base, where we open our season in May with a "Flag Raising and Blessing of the Fleet". We close the season in October with a "Change of Watch" and our annual meeting. In December, we celebrate the holidays with a "Gala" event dinner with entertainment. When the cold, gray winter months are upon us, we escape to a warmer climate with an "Asphalt" Cruise, normally in the late February, early March time frame. In 2025, this will be in Vero Beach, Florida. In June through September, each month a cruise is planned to a select destination. These are normally 4-day events, with one of these to several ports lasting about a week. Each cruise or event is planned and executed by volunteer members with the intent to be informative, entertaining and provide a enjoyable member experience. Our club thrives through the energetic involvement of member volunteers in all of its activities.

We are always interested in new members who share our common goals, enjoy adventures and fellowship, and who would enjoy what the Virginia Yacht Club has to offer. Our basic requirements are that you own a boat suitable for cruising (sleep-on), are interested in developing new friendships, and have a desire to become an active member.

If you feel that the Virginia Yacht Club (VYC) might be a good fit for you, we would be happy to provide more information for your review. Please contact us at your convenience.
